This policy takes into account Keeping Children Safe In Education 2024 and is based on DfE guidance: *‘Preventing and Tackling Bullying Advice for Principals, staff and governing bodies, July 2017’* and supporting documents: *‘Supporting children and young people who are bullied: advice for schools, 17th November 2014’*; *‘Cyberbullying: advice for Headteachers and school staff, November 2014’*; *‘Advice for parents and carers on cyberbullying, November 2014’*; *‘Childnet’s “Cyberbullying: Understand, Prevent, Respond: Guidance for Schools”*

Aims

- This policy outlines what Leigh Academy Hartley will do to prevent and tackle all forms of bullying.
- The policy has been drawn up through the involvement of the whole school community and we are committed to developing an anti-bullying culture where no bullying of adults, children or young people will be tolerated.

Our school community

The community of Leigh Academy Hartley recognises that bullying, especially if left unaddressed, can have a devastating effect on individuals; it can create a barrier to learning and have serious consequences for mental health and wellbeing. By effectively preventing and tackling bullying, our school can help to create a safe, disciplined environment, where pupils are able to learn and fulfil their potential. Leigh Academy Hartley aims to:

- Monitor and review our anti-bullying policy and practice regularly.
- Support all staff to promote positive relationships to help prevent bullying.
- Recognise that some members of our community may be more vulnerable to bullying and its impact than others; being aware of this will help us develop effective strategies to prevent bullying from happening and provide appropriate support, if required.
- Intervene by identifying and tackling bullying behaviour appropriately and promptly.
- Ensure that pupils are aware that all bullying concerns will be dealt with sensitively and effectively; that everyone should feel safe to learn; and that pupils abide by the anti-bullying policy.
- Require all members of the community to work with the school to uphold the anti-bullying policy.
- Report back to parents/carers regarding concerns on bullying and deal promptly with complaints.
- Require parents/carers in turn work with the school to uphold the anti-bullying policy.
- Learn from good anti-bullying practice elsewhere and utilises support from the LAT, Local Authority and other relevant organisations when appropriate.

Definition of Bullying

- Bullying is “Behaviour by an individual or a group, usually repeated over time that intentionally hurts another individual either physically or emotionally”. (DfE “Preventing and Tackling Bullying”, July 2017)
- Bullying can include: name-calling, taunting, mocking, making offensive comments; kicking; hitting; taking belongings; producing offensive graffiti; gossiping; excluding people from groups and spreading hurtful and untruthful rumours.
- This includes the same unacceptable behaviours expressed online, sometimes called online or cyberbullying. This can include: sending offensive, upsetting and inappropriate messages by phone, text, instant messenger, through gaming, websites, social media sites and apps, and sending offensive or degrading photos or videos.
- Bullying can be a form of child on child abuse and be emotionally abusive; it can cause severe and adverse effects on children’s emotional development.

Forms of bullying covered by this Policy

Bullying can happen to anyone. This policy covers all types of bullying including:

- Bullying related to race, religion, nationality or culture.
- Bullying related to SEND (Special Educational Needs or Disability).
- Bullying related to appearance or physical/mental health conditions.
- Bullying related to sexual orientation (homophobic bullying).
- Bullying of young carers, children in care or otherwise related to home circumstances.
- Sexist, sexual and transphobic bullying.
- Bullying via technology, known as online bullying or cyberbullying.

Preventing, identifying and responding to bullying

The school community will:

- Create and support an inclusive environment which promotes a culture of mutual respect, consideration and care for others which will be upheld by all.
- Work with staff, the wider community and outside agencies to prevent and tackle concerns including all forms of prejudice-driven bullying.
- Actively create “safe spaces” for vulnerable children and young people.
- Recognise that bullying can be perpetrated or experienced by any member of the community, including adults and children (child on child abuse).
- Challenge practice and language which does not uphold the values of tolerance, non-discrimination and respect towards others.
- Celebrate success and achievements to promote and build a positive school ethos.
- Be encouraged to use technology, especially mobile phones and social media positively and responsibly.
- Openly discuss differences between people that could motivate bullying such as: religion, ethnicity, disability, gender, sexuality or appearance-related difference. Also include children with different family situations, such as looked after children or those with caring responsibilities.
- Provide a range of approaches for pupils, staff and parents/carers to access support and report concerns.

- Regularly update and evaluate our approaches to take into account the developments of technology and provide up-to-date advice and education to all members of the community regarding positive online behaviour.
- Use a variety of techniques to resolve the issues between those who bully and those who have been bullied.
- Implement appropriate disciplinary sanctions; the consequences of bullying will reflect the seriousness of the incident, so that others see that bullying is unacceptable.
- Take appropriate, proportionate and reasonable action, in line with existing school policies, for any bullying brought to the schools attention, which involves or affects pupils, even when they are not on school premises; for example, when using school transport or online.

Involvement of pupils

We will:

- Regularly canvas children and young people's views on the extent and nature of bullying.
- Ensure that all pupils know how to express worries and anxieties about bullying.
- Ensure that all pupils are aware of the range of sanctions which may be applied against those engaging in bullying.
- Involve pupils in anti-bullying campaigns in schools and embedded messages in the wider school curriculum.
- Publicise the details of helplines as well as external helplines and websites.
- Offer support to pupils who have been bullied and to those who are bullying in order to address the worries and problems they have.

Liaison with parents and carers

We will:

- Make sure that key information (including policies and named points of contact) about bullying is available to parents/carers in a variety of formats.
- Ensure all parents/carers know about our complaints procedure and how to use it effectively to raise concerns in an appropriate manner.
- Ensure all parents/carers know where to contact if they are worried about bullying and where to access independent advice.
- Work with all parents/carers and the local community to address issues beyond the school gates that give rise to bullying.
- Ensure that parents work with the school to role model positive behaviour for pupils, both on and offline.

Dealing with Bullying Incidents

The following steps may be taken when dealing with all incidents of bullying reported to the school:

- If bullying is suspected or reported, the incident will be dealt with immediately by the member of staff who has been approached or witnessed the concern.
- The school will provide appropriate support for the person being bullied - making sure they are not at risk of immediate harm and will involve them in any decision-making, as appropriate.
- A clear and precise account of the incident will be recorded and given to the Principal and/or Designated Safeguarding Lead via Bromcom reporting.
- The Designated Safeguarding Lead, or Deputy, will be informed of all bullying issues where there are safeguarding concerns.
- The Principal/ Designated Safeguarding Lead will interview all parties involved and will record the incident in accordance with school procedures.
- Teachers and other relevant members of staff will be kept informed as appropriate.
- When responding to online bullying concerns, the school will take all available steps to identify the perpetrator, including looking at the school systems, identifying and interviewing possible witnesses, and contacting the service provider and the police, if necessary.
 - If content posted online is offensive or inappropriate, and the person or people responsible are known, then the school will ensure that they understand why the material is unacceptable or offensive and will request that they remove it.
 - If a criminal offence has been committed, then the police may need to be involved to enable the service provider to look into the data of another user or to respond to credible threats of harm.
- Where the bullying takes place outside of the school site (including online bullying), then the school will ensure that the concern is investigated and that appropriate action is taken in accordance with the school's Behaviour Policy.
- Parents/carers of all children involved will be kept informed.
- Sanctions will be used as appropriate and in consultation with all parties concerned.
- If necessary and appropriate, the police (if a criminal offence has been committed) or other local services (including children's social care where a child is felt to be at risk of significant harm) will be consulted or involved.

Supporting Pupils

Pupils who have been bullied will be supported by:

- Offering an immediate opportunity to discuss the experience with their teacher or a member of staff of their choice.
